

The Italian delegation at Kidscreen 2023, organized by **ITA - Italian Trade Agency**, presents 21 companies.

ITA is the Governmental agency that supports the business development of Italian companies abroad and promotes the attraction of foreign investment in Italy. With a motivated and modern organization and a widespread network of overseas offices, **ITA** provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Focusing on the most up-to-date communication and marketing tools, **ITA** promotes the excellence of the Made in Italy in the world.

The audiovisual office of **ITA** focuses on: promoting the internationalization of the Italian audiovisual industry; supporting the Italian Film Commissions in attracting films and TV inward investment, promoting Italy as a film making destination; fostering co-production projects by helping to connect Italian film makers (producers, writers, directors) with international counterparts.

The **ITA** Audiovisual Team in the Los Angeles office assists Italian companies in the entertainment sector on the American market, in providing support for their marketing activities, and partnership search for co-productions. Furthermore, the Team helps American production companies in navigating the different legislations to access Italian tax credits, in cooperation with regional Film Commissions and local executive producers.

In addition to the above mentioned activities, the Los Angeles office has recently launched the website "Italy meets Hollywood" with the related Newsletter, entirely devoted to the US audiovisual market.

The website is conceived as a bridge where the American and Italian audiovisual industries meet to stay informed, to share knowledge and to develop business partnership together.
